

BX2318D

Overview

- 4.7 Cubic Feet
- Double Wall Construction
- Kanthal A-1 Elements
- 208 or 240 Volts
- 50 Amp Breaker Required
- Bartlett Controller

Product Description

The Cone Art BX2318D is rapidly becoming a favourite for home studios and schools. It is exactly like the popular BX2327D except it is 18" deep. This makes it much easier to load and unload. It has the same heavy duty double wall construction as all of the other Cone Art pottery kilns resulting in approximately 30% less heat loss through the walls than a brick only kiln. The BX2318D kiln comes equipped with a Bartlett 2 zone controller and Cone Art's patented lid lifter at no extra charge.

Furniture Kit

- Two 21" dia. full shelves
- Two 21" dia. half shelves
- Three each of 1 3/4"square X 1",2",4",6" and 8 posts
- 2 kilograms kiln wash
- 3 - 6" Posts
- he shelves and posts are made from a high alumina mix and are rated to cone 11.
